

# Diagnose. Get information. Fix. **All in one solution.**

The all-new Bosch ADS series professional diagnostic scan tools

Engineered and assembled in the USA by Bosch. The ADS series is designed for technicians, by technicians, to diagnose, research and repair vehicle issues.

Now with  
Bosch Repair-  
Source

**BOSCH**

Invented for life

# ADS series: Research, diagnose, repair

The Bosch ADS series introduce **a trusted diagnostic experience** to technicians

- ▶ Exclusive user interface designed for technicians, by technicians
- ▶ Intuitive, standardized navigation with consistent information flow for every make and model
- ▶ Custom vehicle experiences – leave generic information behind from the moment you've entered the vehicle

## Bosch Repair-Source

Be confident that with the Bosch ADS 325 or 625 you will be able to diagnose the vehicles that come into your shop today, and tomorrow. Bosch offers unmatched service, support, information and people to help you along the way.

Both tools include Domestic / Asian and European coverage with one subscription. For industry leading full color OE wiring diagrams and J2534 programming, grab the ADS 625.

### Repair-Source

ADS tools now come with Bosch Repair-Source, a comprehensive vehicle service and repair information library.

- ▶ Connect the diagnosis with vital technical information needed for repair - for the specific vehicle make, model and year you are working on.
- ▶ Repair-Source is included with a standard subscription.
- ▶ Access to vehicle service and repair information including DTC troubleshooting workflows, repair procedures, maintenance schedules, TSBs, OE wiring diagrams, component locations, labor times and more

### Coverage

Continually updated and enhanced coverage for Domestic, Asian and European brands. Recent software updates included a huge European vehicle coverage release for BMW, Volkswagen, Audi and Mercedes-Benz vehicles, with new coverage also added for GM, Ford, Chrysler and Nissan vehicles.

### Accessories

Compatible with many wireless borescopes, battery testers, NVH analyzers and more.

### The Tools
